

400

A technical drawing of a mechanical part, possibly a bracket or a support, shown in a side view. The part has a complex shape with a curved top surface and a vertical section on the right. Three dimensions are indicated: a horizontal dimension of 400 on the left, a vertical dimension of 170 on the right, and a horizontal dimension of 105 at the bottom. The drawing uses solid lines for the main profile and dashed lines for hidden internal features. There are also some small rectangular features and a central vertical slot.
